This phenomenon is called "Blue Moon" and this is again taking place in the month of March.				Esbats are the days during a full moon cycle. The reason for performing workings during the full moon is that the powers of the female side of the soul are much stronger during this time. The female side of the soul is the side that gives the raw power. The male side of the soul is the logical side and directs the energies of the female side to manifest in reality. The full moon gives power to any magical workings performed during that time.	

February 2018

Imbolc is observed when the Sun enters into 15 degrees of Aquarius, and has everything to do with the celebration of fire. Celebrate the cycles of life and the Sun. Let this sabbat/holiday of FIRE remind ourselves of our strength, power, our souls and our father God. Good time to do any rituals for extra power and putting things into action. Fire is the spark of life and creative principle. But most importantly on Imbolc, acknowledge your fiery Kundalini serpent.

Certain foods are traditional for Imbolc, such as crepes and pancakes. Because of their rounded shape and golden color, they are symbolic of the returning sun, which this holiday represents. The emphasis on fire represents the returning warmth of spring and the spark of life/fertility for the coming planting season. The element of fire is the element of creation and beginnings. Many covens consider this holiday to be significant for initiation rites for new members. This is an excellent time for performing the dedication ritual. In ancient times, people danced around bonfires and celebrated until dawn.

March 2018

On the 20th of this month we are celebrating one of the eight major Pagan holidays, namely the **Spring Equinox**. This holiday takes place when the Sun enters into 0 degrees of Aries. This is the time for beginning major workings such as the Magnum Opus. The energy of the spring equinox is all about projecting growth, expansion and beginnings.

April 2018

Beltane is an ancient celebration of fertility. Beltane is also the Pagan New Year and is an ancient traditional celebration of spring. Fertility celebrations have their origins in Ancient Mesopotamia. Astaroth/Inanna is the Queen Goddess of this holiday. Beltane is midpoint between the vernal equinox and summer solstice. Due to the alignment of the earth at this important time, telepathic communication with the Gods and spirit world is very open. Beltane is directly opposite Samhain [Halloween] on the Pagan Calendar as Samhain is the time of reaping. Beltane is also the celebration of the return of the Sun, the planting of crops, and the rebirth of spring. Joyeux Beltane! Feliz Beltane! Beltane Fericit! Happy Beltane!

June 2018

On the 21st of June, when the Sun enters into 0 degrees of Cancer (**Summer Solstice**) the power of the solar chakra is drastically amplified. In ancient times, festivities and celebrations of this important holiday nearly always included Baal Fires [the traditional bonfire]. The element of fire represents the life-force, and life itself. Death is cold and hard. Fire is warmth and life. Those of us who have condensed the life force within ourselves know just how hot it can be, like the kundalini serpent. The traditional color for this festival is white.

September 2018

The **Fall Equinox** is like our Thanksgiving. The equinoxes are good times to begin things. Rituals for putting things into action. The Pagan year is based upon the natural cycle. The eight major Sabbats are the Equinoxes and Solstices of the Sun's year, and the 4 cross quarter days that come between them. The four Equinoxes and Solstices are based upon the motions of the earth and Sun, symbolizing the interaction of light and darkness. In ancient times, religions were based upon nature, where humanity lived in tune with the earth, the change of seasons and the changes in the stars in the sky. This is the essence of SS; what is natural.

The major cycles of the year and the crops were important times for festivities, rites, and celebrations. Samhain was a time of preparation; storing crops and preparing for the dead of winter. Halloween is a great time for costumes, monsters and ghouls, images of death and such. A time to be creative and indulge. It is one of our major holidays. his holiday was a time of harvest, a time of endings, death, and dying, as plant life died and the cold set in. Samhain was also a time of honoring the dead.</p>

December 2018

The 23rd is a very special Personal Day for Father. The Sun enters the sign of the Goat which represents Him. The Night of December 22nd – the eve of December 23rd, is the Highest SS Holy Night of the year. It is the day after the longest night of the year. Again we look forward to beginnings, as the days will begin to get longer as the year goes on. The Yule holidays for SS are times of indulgence and taking pleasure in the physical and material aspects of life. Actually, Xmas trees and wreaths are Pagan in origin, so there is no reason not to celebrate this holiday with our families with gift giving, baking, and decorating. This is what the TRUE Yule season is about, not that filthy worthless "Nazarene."

The Night of Dec 22nd should be spent in dedication to Father. This is an excellent time to focus on planning for the year. If one wishes to make personal resolutions this is a good time to do so. The Yule season is a season of enjoyment, indulgence and feasting. Cooking, baking, gift giving, decorating, building snowmen and winter sports in places where there is snow, tree decorating, blue lights in honor of our Father, partying, Santa Claus for the kids, shopping and more.</p>
