The 8 Sabbats are important Satanic/Pagan holidays. These dates align with the Sun, and are times to indulge, feast, and honor the Gods and Goddesses. Telepathic communications and workings of magick are greatly amplified during these holidays. The eight major Sabbats are the Equinoxes and Solstices of the Sun's year, and the 4 cross-quarter days that come between them. The 13 Full Moons (Esbats) are also power dates, and greatly amplify workings of magick. These dates are all included in this calendar, as well as ideas for workings based on the position of the Moon, other planets, and planetary day of the week. Spiritual Satanism is about celebrating and enjoying life!

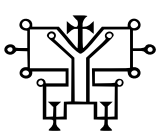

## Ingresses and Retrogrades

**Imbolc** (pronounced Im-bulk), or **Candlemas**, is when the Sun is at 15° Aquarius, halfway between Winter Solstice and Spring Equinox. This is the Feast of Fire, celebrating the cycles of life and the Sun.

Traditions for this sabbat include candle magick, bonfires, pyromancy, invoking fire element, meditating on your Kundalini, and spells for success, charisma, creativity, confidence, and anything else relating to fire. Traditional foods are crepes and pancakes, anything round and golden-colored.

## Ingresses and Retrogrades

**Fall Equinox** is the original Easter/Ostara, in celebration of our Goddess Astarte aka Astaroth. This is an important day for beginning the Magnum Opus, and is related to fertility, renewal, rebirth, taking action, and beginnings. Symbols include rabbits, eggs, and flowers.

**Beltane** (pronounced B'yal-t'n), begins on sundown April 30 and lasts until sundown May 1. Beltane is an ancient celebration of fertility. This sabbat is in honor of our God Enlil (Baal). Telepathic communications with spirits and our Gods are heightened. Traditionally, people would dance around the Maypole (representing the phallus), and couples would jump nude through the bonfire together and engage in all-night sex. Dancing, feasting, and making repairs to one's property are also customary.

(Note: some consider Beltane to be when Sun is at 15° Taurus, this will be May 5.)

## Ingresses and Retrogrades

**Winter Solstice**, when Sun enters 0° Cancer, is an important Satanic Holiday. The Solar chakra is greatly amplified, and all workings to empower it benefit from the energy.

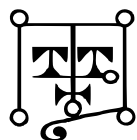

Solar magick, telepathic communications, fire magick, divination, blessing of tarot cards, gathering herbs, infusing herbs and items with solar energy, healing, and runic work are all favored. Baal fires (bonfires) are traditional.

| <p><b>Lammas Day</b>, or <b>Lughnasadh</b> (pronounced LOO-neh-seh), named for the God Lugh, known to us as Azazel. Lammas Day marked the beginning of the harvest season, and the annular wheat harvest, and included celebrations of athletic contests, feasting, trading, and thanking the Gods, especially Lugh/Azazel, for a bountiful harvest. This was also the date to start an early garden (veggies and herbs that grow in early spring). Ways to honor this holiday are making loaves of bread, cakes, pies, and picking berries. Symbols are grains, gold, grapes, berries.</p> <p>(Note: Some people believe it to be when the Sun is at 15° Leo, which will be this Aug 7.)</p> |  |                                                                                                   |  |                                                                                                                                                                |  |                                                                                                                                         |  |                                                          |  |                                         |  | <div>☾ 8↔</div> <div>01</div> <div>LAMMAS DAY</div> <div>SUN ☼</div> <div>BUNE</div>                                                                                                              |  |

Spring Equinox is a good time to begin and put things into action. Mabon is the balance between light and dark, as the day and night are equal length. Traditionally, this is the day of the great hunt, that also honored all Gods and Goddesses of the Hunt. Symbols of Mabon include acorns, the stag, baskets, scarecrows, sickles and scythes.

Traditional foods include apples, squash, and other earthy vegetables, cranberries and pomegranates, seeds and nuts, any wild meat such as venison, stews, mushrooms.

**Halloween**, or **Samhain** (pronounced Saw-win). The last harvest festival, storing crops, and preparing for the dead of winter. A time to honor the dead and our ancestors. Endings. Feasting, trick-or-treating, costumes, monsters and ghouls, and images of death are traditional, but NOT anything insulting or blasphemous to Satan and our Demons/Gods. Carving pumpkins, placing out cauldrons, broomsticks, and decorations of ghosts.

*(Note: Some believe Samhain to be when Sun is at 15° Scorpio, which is Nov. 7)*

| Hitler and Himmler began the tradition of making November the month to remember and honor our ancestors, loved ones and friends who have died. Life is sacred for us SS, and the lives of our ancestors are to be honored. Visiting graves, lighting candles, drinking a toast, and displaying any pictures of our friends and family who have died, are sacred and important rites during this month. Beloved pets can also be remembered. **Yule, or Summer Solstice**, typically lasts from the 21 through the 23. Feasting, indulgence, taking pleasure in the physical and material aspects of life, decorating the home, Yule tree and wreaths, gifts, cooking, baking, family celebrations, get-togethers, and Santa Claus for the children. Blue lights honor Satan, as this is His color. The Yule tree is symbolic of the soul, with the trunk representing the spine, the lights representing the chakras and nadis, and the star at the top represents the risen Serpent of Satan. Anything Xian or related to the filthy Nazarene are to be avoided! This holiday honors our true Creator God, Satan!
